

## **Meeting with Ragesh Patel – PADEP’s Environmental Program Manager**

**Objective:** EPA - Offer EPA’s support via NPL consideration at Bishop Tube Company, Philadelphia Gun Club, St. Michael’s Dump (PADEP-lead sites) & Discuss Hartsville PFC Contamination

### **Bishop Tube Company – East Whiteland Township, Chester County, PA:**

- TCE is main concern at the site
- In 1996, a Hazard Ranking System (HRS) score [REDACTED] was drafted and PADEP did not concur with the listing so they became the regulatory lead for the site
- In 2005, Constitution Drive Partners purchased the property to redevelop into residential homes
- On May 18, 2017, EPA met with the Delaware River Network (DRN) and PADEP
  - This meeting explained EPA’s historical involvement at the site and why PADEP is currently regulatory lead for the cleanup
- PADEP’s HSCA program is in the RI phase and provides updates to the public on PADEP’s website as of February 2018
- DRN is currently suing PADEP over Cleanup
  - The public and DRN are concerned with PADEP’s cleanup
